

Government College of Engineering, Amravati

Presents

ETAS

(Electronics and Telecommunication Association of Students)

21 September 2023

ETAS was back with another exciting event **TECHNICAL QUIZ COMPETITION**, a fun technical activity to test students' knowledge. ETAS arranged this competition which involved questions from a variety of domains especially electronics and science. Attended by the students from first and second year of the department and coordinated by third year and final year students. This event was organized on dated **20/09/2023** at **3:10 pm** at the ET10 classroom.

The event was open for all the students and an online form was circulated for the registration. The final

year students were the organizers of the event. After this, the teams were formed which consisted of two second year students and rest first year students. This helped to strengthen the teamwork qualities.

In the competition three rounds like **general question and answer round**, **Picture Perception** in which each team was showed some technical devices and questions which they had to guessed correctly with taking least time to answer, and this round was winner deciding round. Two team were eliminated as the first round goes on. Team elimination criteria was on the basis of points they got after answering correctly. Second and third round had negative markings. It was buzzer round. The following were the 6 teams : Team Techno sync, Team Techcult, Team Alphatech ,Team E-Royals, Team MOSFET, Team Autonomous. The winning team was **Team Alphatech** and runner up team was **Team Techno sync**. Sharwari Sawarkar, Aryan Deshmukh, Dnyaneshwari Ade, Krushna Bhuyar, Gauri Mahale, Arnav Sarotkar and Omkar Tikekar were the members of winning team- Alphatech.

Respective team leaders and team members showed excellent teamwork. It was organized by **Omkar Munde, Anurag Wankhede, Aniket Gulhane, Prachi Katariya** from final year. Under their guidance and planning it was one of the most outstanding activities brought up by ETAS.

Below are the glimpses of event:
